FORM
GPO 1954 O-320 (TDF). Previous editions of this form may be used.

UNCLASSIFIED

12. Distance from observer (Distance to town, bldg, etc., over which object appeared to be): 15 miles

13. Direction of flight of object (s):
East to West

14. Time in sight: Approximately 15 mins.

15. Velocity (time to cover given angular distance):
not known.

16. Sound and odor:
None

17. Trail (color, length, width, persistance, etc.):
No trail

18. Luminosity (visible by reflection, incandescence, other - degree of brilliance):
Dull smoke color

19. Projections (fins, wings, rods, antennas, canopies, etc.):
none

20. Maneuvers (turns, climbs, dives, etc. - sketch of flight path):
Was perpendicular in the sky when first noted, turned horizontally and elongated.

21. Manner of disappearance:
Disintegrated and disappeared.

22. Effect on clouds:
No clouds near the object.

23. Additional information concerning object:
None

24. Weather conditions and light at time of sighting:
Clear and Bright.

1A X 5

In compliance with paragraph 3, SAC Regulation 200-5, 13 December 1948, the following report is submitted on an object sighted in the sky 15 April 1949:

- a. Approximately 40 miles northeast of El Paso, Texas, 1630 to 1635 MST.
- b. Clear visibility unlimited.
- c. Mr. [REDACTED] Branch Manager, [REDACTED] El Paso, Texas.
Mrs. [REDACTED], Housewife, [REDACTED] El Paso, Texas.
Capt. [REDACTED] USAF, Hq USAF, O.P.R., Washington 25, D.C.
- d. None.
- e. [REDACTED]
- f. 1. One.
2. Rectangular then convex. When first sighted it was of a rectangular shape in a vertical position. Object changed position several times slanting first to the right and then to the left. Toward the close of the sighting time the object took the following appearance [REDACTED] retaining the same color throughout. Eventually the object became horizontal and lost altitude and then it started to elongate, taking the appearance of vapor trails until it disappeared.

GUIDE TO INVESTIGATION

UNIDENTIFIED AERIAL OBJECTS

1

Incident No. _____

1. Date of observation 15 April 1949 Date of Interview 19 May 19492. Exact time of observation (local) 1635 MST3. Place of Observation:
(Map Coordinates)
31°25' N 105°35' W

4. Position of observer (air, car, bldg, location of - give details:

In rear seat of Automobile on Highway 80, approximately
40 miles east of El Paso. Travelling west.

5. What attracted attention to object:

Mr. P first noticed object. Attention attracted by
its peculiar shape and color.

6. Number of objects and sketch of formation or grouping:

One

7. Apparent size (compare to known object, i.e., sun, moon, thumb
or fist at arms length):Appeared to be about 50 Ft. long, slender at first disintegrated
as it elongated.8. Color of object: Light Smoke

9. Shape (give graphic description - compare with known object):

Cigar shaped

10. Altitude (Angle of elevation above horizon - 0° at horizon,
90° overhead):

30°

11. Direction from observer (Angle clockwise from North):

When first seen? 10 o'clock When last seen? 10 o'clock
